27th

ANNUAL SOUTHWEST FLORIDA WATER RESOURCES CONFERENCE

Enter the Water Resources Student Poster Contest

Beach housing available for students at
the FGCU Vester Center, Bonita Springs

SWFWRC

Win up to \$400 in the Contest and a \$250 Scholarship

The water resources professionals of Southwest Florida invite students throughout Florida to submit their research project posters and compete for cash prizes ranging from \$200 to \$400. First, second and third place prizes are offered in each of two categories – undergraduate and graduate. Two, \$250 scholarships will be awarded to attending students selected by random drawing.

The 27th Annual Southwest Florida Water Resources Conference is on February 2, 2018 at Pelican Preserve in Ft. Myers. Student registration is only \$15 including lunch. Student housing is only \$25 per night. So plan to attend, meet with practicing engineering and science professionals, learn from the technical presentations, and generally have a good time with other water resources students from around Florida. The conference theme is “The Changing Climate of Regulation and Funding” but the poster contest is based on any water resources topic.

To sign up and for further information visit our web site at: www.swfwrc.org or look us up on Facebook “Southwest Florida Water Resources Conference”
